PART 1 – ADJUSTED BUDGET

SECTION 1- INTRODUCTION

MUNICIPAL BUDGET

DEFINITION OF A MUNICIPAL BUDGET

A municipal budget is generally a projection of future revenues and expenditure. A budget is used to control financial transactions and should also be used as a management and planning tool.

It is also the tool for implementing the service delivery objectives of the Municipality as set out in their Integrated Development Plan (IDP).

A municipal budget also provides for greater transparency, accountability, flexibility, and predictability within the municipality.

The adjusted budget and capital budget for the financial year 2014/15 and the 2 indicative years 2015/16 and 2016/17 are hereby represented as prescribed in among others:

- MFMA (Act 56 of 2003)
- The Distribution of Revenue Act, 2011 and Provincial Budget announcements
- Budget & Reporting Regulations 393 of 2009
- Sections 215 & 216 of the Constitution
- The Municipal Systems Act - No 32 of 2000 and Municipal Systems Amendment Act no 44 of 2003
- Councils budget related policies

SECTION 2- MAYORAL SPEECH

Dear Councillors and Municipal Officials

It is a privilege to table Council's Revised Budget for 2014/15.

Council is aware of the fact that since our inauguration some 4 years ago we were constantly under severe financial constraints which obviously negatively impacted on our legislative mandate. We also know that this was an inheritance and not the doing of the current administration. The latter forced us to make unpopular decisions during the 2013/14 financial year, but can I today report that we reap the fruit of these efforts to stabilise Council's financial position. Although we are far from financial "cosiness" I can at least report that we currently do not make use of any overdraft facilities, our cash flow position is far better than 18 months ago and we slowly started to live up to our social responsibilities with regards to our B-Municipalities. We became more and more involved in shared services within the B-Municipalities and do I foresee that the District Municipality can play a major role in this regard in future.

We are still faced with serious challenges with regard to capacity in our Financial Department and do I sincerely hope that we will be able to appoint the right Accountant to address this area of concern. This appointment might in future also play a significant role in our involvement with shared services in the B-Municipalities. In discussing the Mid-Year Report of Council during a recent MAYCO Meeting it became evident that Council had to adopt a Revised Budget due to mainly the amendment of National Treasury's Policy on the allocation of subsidies for external auditing. Council were subsidised on all audit costs exceeding 1% of Council's total budget. The latter realised a subsidy of more than R1-million for 2012/13 whereas our subsidy for the 2013/14 financial year was a mere R155 000,00. The executive summary, later in this report, further elaborate on reasons for the Revised Budget, but is the rest more on different votes that projected overspending and therefor the possibility of unauthorised expenditure.

In conclusion I want to report that since June 2014 Council appointed an Internal Auditor, Salary Clerk and Creditors Clerk as well as 4 Financial Interns with a 5th one to start soon. As mentioned earlier I also believe that we will be able to appoint a competent Accountant and, in so doing, address the capacity constraints in the Financial Department. Environmental Health

is one of Council's main functions and do we have a regional wide responsibility in this regard. We managed to appoint a Community Year Environmental Health Practitioner late in 2014, but did she decline after receiving an offer from Cape Town Metro. It is however imperative that we give serious attention to the appointment of this vacancy which is now available since the resignation of Mr D J van Rensburg during December 2013.

I herewith table this Revised Budget for 2014/15 before Council for approval.

A handwritten signature in black ink, appearing to read 'EZ Njadu', with a large, sweeping flourish above the name.

Ald EZ Njadu
EXECUTIVE MAYOR

SECTION 3- BUDGET RELATED RESOLUTIONS

The MFMA stipulates that the Mayor must table the adjusted budget at a council meeting at least 90 days before the start of the budget year and the Mayor must take all reasonable steps to ensure that the municipality approves its adjusted budget before the start of the budget year. For this reason Council may at the time of tabling the budget simply note the draft resolutions.

The following is the draft resolutions which Council needs to take with the approval of the 2014/15 Budget by the end of March 2014:

1. Council resolves that the Adjusted Budget of the Municipality for the financial year 2014/15 and indicative for the two projected outer years 2015/16 and 2016/17 and the multi-year and single year capital appropriations be approved as set out in the adjusted budget schedule tables found in Section 5.
2. Council resolves that tariffs and charges reflected in the 2014/15 Tariff list (Annexure A) be approved for the budget year 2014/15 if applicable.
3. Council resolves that the measurable performance objectives for revenue from each source, and for each vote reflected in this document be approved for the budget year 2014/15 and the two projected outer years 2015/16 and 2016/17
5. Council resolves to adopt the amended Integrated Development Plan (IDP) if applicable.
6. Council resolves that the budget related policies reflected in Annexure C Are approved for the budget year 2014/15 if applicable.
7. Council resolves that the filling of the vacant posts as identified by the Executive Management as shown in Section 4 and 12 of this document, be approved.

SECTION 4- MANAGEMENT REPORT

The 2014/15 budget is herewith presented to Council by Executive Mayor Alderman E Z Njadu.

As was mentioned in recent reports of the Executive Mayor the budget was challenging in the sense that we are still under pressure with regards to sufficient funding and especially the cash flow of Council. We did however aim to present a more realistic budget to Council rather than the 2013/14 budget, with which we were forced to later, with the Adjustment Budget in January 2014, almost had to rewrite it. Although we were not in a position to budget for the same surplus as we did in 2013/14, we still managed to keep the budget for 2014/15 in a surplus.

Council received the following grants in the DORA for 2014/15:

PART 2 – SUPPORTING DOCUMENTATION

SECTION 6- OVERVIEW OF BUDGET PROCESS

Political overview of the budget process

Section 53 of the MFMA stipulates that the Mayor should exercise general political guidance over the budgeting process and must direct the drafting of the budget.

Schedule of Key Deadlines in respect of the budget process [MFMA section 21(1) (b)]

The Act provides that the formal budget process must commence with the tabling by the Mayor in Council of a schedule setting out the key budget deadlines. This was compiled for tabling in Council at the end of August 2012.

Process followed to integrate the revision of the IDP and drafting of the budget

The budgeting process was integrated with the IDP during the IDP revision mechanism. The outcome of the consultation upon the IDP revision is taken into consideration in the budgeting process.

Process for tabling of the budget before Council for consultation

A statutory period of consultation follows the tabling of the budget before Council on 31 March 2015. Meetings with the local community shall be advertised in the local press after tabling of the draft budget.

The Executive Mayor shall consider the outcomes of these consultation meetings and a report in which the reactions are set out shall be tabled at the same meeting where the budget is to be tabled for final approval.

Process for approval of the budget

The Revised budget must be approved by Council by 30 January 2015.

Process and media used to provide information on the budget to the community

All budget documentation, the MTREF, as well as tariffs and policy, shall be available at Council libraries and offices for perusal. It shall also be available on Council's website.

Advertisements informing the public about the availability of these documents and the schedules for the public hearings on the IDP. Budget shall be published in all local papers and be put up at municipal offices and libraries.

SECTION 7- OVERVIEW OF ALIGNMENT OF THE ADJUSTED BUDGET WITH THE INTEGRATED DEVELOPMENT PLAN

The Integrated Development Plan is aimed at addressing service delivery needs on a continuous basis by identifying new needs or areas of improvement. It is however also a well-known fact that the needs far exceed the available resources, and financial resources in particular.

- See Adjusted Budget tables SB 2, 3 and 4 for breakdown of all the revenue, operating expenditure and capital expenditure aligned to the goals and action plans of the Integrated Development Plan for the budget 2014/15, 2015/16 and 2016/17 financial years.

SECTION 8- MEASURABLE PERFORMANCE OBJECTIVES AND INDICATORS

Measurable performance objectives and indicators must be determined for the next year and included in the annual SDBIP: -

Key financial indicators and ratios:

- Debt cover ratio (Total operating revenue, minus grants and subsidies, divided by debtors)
- Services debt to revenue ratio (Total outstanding services debt, divided by revenue for services received)
- Cost cover ratio (cash equivalents, divided by monthly fixed operating cost)

Measurable performance objectives for:

Revenue for each budget vote

Revenue for each source

Operating and capital expenditure for each vote

When developing these measurable performance objectives, the following needs to be taken into consideration -

The municipality's Integrated Development Plan (IDP)

Economic development initiatives that facilitate job creation, economic growth, poverty alleviation

Provision of basic services

Measurable performance objectives for rendering free basic services

The measurable performance objectives for the provision of free basic services in respect of property rates, water, sanitation, waste management and electricity must provide details of -

The amount in rand value of each of the free basic services

The level of service that is delivered free

The number of households to receive each of the free basic services

The total budgeted cost of provision of each of the free basic services

The total budgeted revenue lost by providing each of the free basic services

SECTION 9- OVERVIEW OF BUDGET RELATED POLICIES

See Annexure C for detailed policies to be presented if applicable:

Cash Management and Investment Policy

Supply Chain Management Policy

Virement Policy

Funding and Reserve Policy

Asset Management Policy

SECTION 10- OVERVIEW OF BUDGET FUNDING AND EXPENDITURE

Funding of the Budget

Section 18(1) of the MFMA determines that an adjusted budget can only be funded from:

- Realistically expected revenue to be collected;
- Cash-backed accumulated funds of preceding years' surpluses not earmarked for other purposes; and
- Borrowed funds, but only for the capital budget referred to in Section 17.

Full achievement of this requirement effectively entails that a Council 'balances' its budget by ensuring that the budgeted outflow balances with a combination of planned inflow.

A Credible Budget

A credible budget, among other things, is a budget, which:

- Only funds activities which are in line with the revised IDP and vice versa and which ensures that the IDP is realistically achievable while taking account of the financial restrictions of the municipality;
- Is achievable in respect of agreed service delivery and performance targets;
- Contains revenue and expenditure projections that are in line with current and previous performance and that are supported by documented evidence of future assumptions;
- Does not compromise the financial viability of the municipality (ensures that the financial position is contained within generally accepted prudent limits and that obligations can be met in the short, medium and long term); and
- Provides managers with suitable levels of delegation to enable them to fulfill their financial managerial responsibilities.

A budget sets out certain service delivery levels and accompanying financial implications. Consequently the community must realistically expect to receive these promised service levels and to understand the accompanying financial implications. High under spending due to under collection of revenue or poor planning is a clear example of a budget that is not credible and realistic.

Furthermore, budgets tabled as early as 90 days before the start of the budget year, must remain credible and fairly close to the final approved budget.

INCOME

The total amount from the operating income budget amounts to R82 809 000, compared to the previous budget R57 460 000. This reflects an increase of R25 349 000, or 44,11%. This increase in income is due to additional grant

income. Refer to specifically the provisions and depreciation. No additional funds was utilize from Surplus funds. See table B1 in Annexure B.
